PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

The Ilovka Ordnance Depot is located 29 kilometers (km) northwest of Kurgan (55-26N 065-20E) on the south side of the Shadrinsk-Kurgan rail line (Figure 1). The installation is served by a rail spur from the Shadrinsk-Kurgan rail line and has secondary road access to Ilovka.

This installation (Figures 2 and 3) covers approximately 360 acres and contains six ad-

ministrative buildings, five barracks, 88 storage buildings, 38 support buildings, and an open storage area.

The installation was covered by KEY-HOLE missions between [REDACTED]. Comparative analysis reveals the same level of activity with no change in the installation between the initial coverage in [REDACTED].

DESCRIPTION OF INSTALLATION

Railroad Service

A rail spur from the Shadrinsk-Kurgan rail line serves this installation.

Road Service

A secondary road provides access to Ilovka.

Administrative and Troop Housing Area

Area D (Figure 3) contains four administrative buildings, five barracks, 29 support

buildings, and four storage buildings. Tracks throughout the area indicate a high level of activity.

General Storage Areas

Area E1 contains 84 storage buildings, two administrative buildings, and nine support buildings. This is a possible ordnance depot.

Area E2 contains open storage area. A large amount of material was observed in this area on [REDACTED] photography.
